YMCA CHALLENGER PROGRAM

The Y Challenger program for children and young adults with diverse abilities shines as an example of how participating in healthy activities can result in not only improved physical fitness but also personal growth, fun and friendships. Individuals 3-30+ years old with physical, developmental and intellectual disabilities have the opportunity to learn, grow and thrive through recreational and social opportunities.

To help athletes, we use a buddy system in which each player is paired with a volunteer who is at least 10 years old. Come join the fun!
