Blue Valley School District Families and Employees,

We have exciting news to support working families in the Blue Valley School District. Thanks to CARES Act Funding that the YMCA of Greater Kansas City is receiving from the Johnson County Board of Commissioners, **the Y is able to offer Y Club Academy Before and After School care to you for a significantly reduced rate this fall.** Discounts of up to 100% are available.

The Y operates Y Club inside each Blue Valley elementary school. We open at 7:00 AM daily for early drop-off and stay open until 6:00 PM. Our program is fully-licensed, and we offer children a great opportunity to extend daily learning and have fun with their friends.

Our offsite Y Learning Academy programs will continue to operate through October and November, providing in-person support for children with virtual learning. For families and employees who continue to need this service, the Y is able to use CARES funding to provide discounts of up to 100% for your children to attend. Please email YClubSupport@KansasCityYMCA.org if you would like to enroll your child in Y Learning Academy.

Families who enroll now through Sunday, October 4, will be given priority access to discounted/free enrollment. To enroll and complete the easy application process to receive significantly discounted rates, visit KansasCityYMCA.org/ChildCareDiscount.

Sincerely,

Steven Scraggs, Ph.D.
Sr. Vice President of Youth Development Services
YMCA of Greater Kansas City
